

## **Get more out of your phone camera!**

Have you ever wished you could create unique special picture compositions for each occasion? Ever been jealous when seeing beautifully 'photo-shopped' picture compositions but you don't have the graphical knowledge or time to do that with your own pictures?

Our high quality templates can do all of that for you, instantly and without the need for any graphical knowledge! The pack gives you instant access to a database of over 100 cool picture templates to capture all those precious, funny & romantic moments with just that extra touch to make them very special!

**Unleash your creativity with this unique add-on to your phone camera!**

### **Short Overview:**

- Turns your phone camera into a creative source for instant fake pictures.
- Impress your friends, family and co-workers with unique pictures: hilarious dress-ups, awards, certificates, billboards, magazine covers, birthdays, holidays, and much more
- Create special awards, romantic pictures, artworks, personalized greeting cards, the funniest dress up pictures, sports pictures,... and much more.
- Instantly picture your friends as a police officer, pilot, priest, prisoner, soldier, bodybuilder...
- Make instant award pictures for employees, mom & dad, sport performances...
- Make personal realistic magazine covers for business, sports, travel, romance, gossip, cars, beauty...
- Add instant picture frames for all occasions : holiday, parties, valentine, love, children, birthdays,... Create instant personal greeting cards for summer & winter holidays...

- Make compromising pictures of your buddies- give them the company of scarcely dressed women or picture them in a red light district setting...
- **All of this can be done with just 1 press on the shutter button! No graphical knowledge of any kind required!**

### **What to do:**

All you need to do is to copy this Templates Pack into the MY DOCUMENTS\FRAMES folder on your SmartPhone and you are set. Switch on the camera, browse through the Capture Modes and select "Picture Theme". You can then browse and select the desired template. Aim..., shoot... and your unique special picture creation is ready!

Download the demo samples, get on the road with your camera, have some fun and I guarantee you that you will be back to get the whole pack in no time!

### **Features:**

- Over 100 **NEW** picture templates
- No graphical knowledge required
- Several theme categories: awards, cover magazines, greeting cards, holidays, parties, people, sport, events, birthday, love...and much more!
- Save your pictures in your Photo Album
- Send your photos by e-mail or MMS
- Use your images as wallpapers
- Add your pictures to your contacts and see who's calling with each incoming call!
- Synchronize with your PC and store, edit and share your images anyway you see fit!
